

Severe Weather

Color the pictures, trace the words, and read the definitions.

hurricane

A storm with violent wind, in particular a tropical cyclone in the Caribbean.

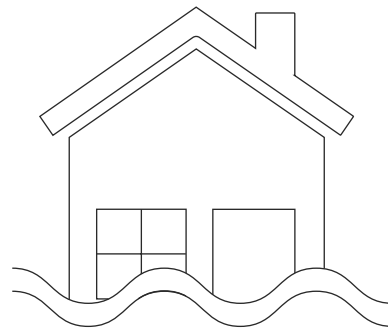

tornado

A mobile, destructive vortex of violently rotating winds having the appearance of a funnel-shaped cloud and advancing beneath a large storm system.

drought

A prolonged period of abnormally low rainfall, leading to a shortage of water.

flood

An overflowing of a large amount of water beyond its normal confines, especially over what is normally dry land.
